## TESTIMONIALS

*"Jordana was awesome. She hit the brief spot on and took Day 2 of our conference to the next level. She achieved everything we expected plus more. I would highly recommend Jordana for her passion, attention to detail and most of all, her great sense of humour."*

*"The 'pocket rocket' that people instantly warm to, Jordana has the unique ability to take people out of their comfort zone and have fun in the process! Jordana was very professional, going above and beyond from start to finish. I would happily recommend her."*

**The Business Centre, Pilbarra**

*"From the very first briefing call Jordana has been an absolute pleasure to deal with. In fact, like no other. She really engaged and learned about our group which was evident on the day. Her energy is a breath of fresh air, although her request for me to capture a photo proved difficult. She doesn't stand still long enough! Getting down amongst the audience is something that particularly works well to keep the group engaged. She was wonderful and I'll be thinking of ways to have her back in the future, even if on a smaller workshop level."*

**National Mortgage Brokers**

*"Jordana facilitated a one day 'pitching/presenting' workshop for the best of our best, during a multiple day training program. Her unique style kept everyone fully engaged through the entire day, which was incredible as there were people from all over the Asia-Pacific-Japan Region. She got everyone so enthusiastic about what they were learning, that the Japanese speakers attempted to present back in English! Jordana took a group of very competent communicators and made them much better. I will definitely be asking her to help us again and I can highly recommend her as a highly skilled trainer and communicator, and a pleasure to work with."*
